LATIHAN PERTEMUAN 3

Latihan 1: melanjutkan screen latihan 3

```
const Index = () => {  
  const biodata = {  
    nama: "Anton Sukamto",  
    nim: "20200101",  
    alamat: "bogor",  
    email: "anton@gmail.com",  
    nomor_telepon: "0856712283",  
    umur: 35,  
    kelamin: "Laki-laki",  
    hobi: ["Makan", "Konser Metal", "Tidur"],  
    status: "Single",  
  };  
};
```

Latihan 2: Memanfaatkan komponen container lainnya

```
return (  
  <ImageBackground  
    source={require("../assets/avatar/image.png")}  
    style={ui.ImageBackground}  
  >  
    <ScrollView  
      style={ui.screen}  
      contentContainerStyle={{ paddingVertical: 20 }}  
    >  
      <View style={ui.container}>  
        <View style={ui.headerSection}>  
          <Image  
            source={require("../assets/avatar/download.png")}  
            style={ui.avatar}  
          />  
          <Text style={ui.mainName}>{biodata.nama}</Text>  
          <Text style={ui.mainNim}>{biodata.nim}</Text>  
        </View>  
  
        <View style={ui.inputGroup}>  
          <Text style={ui.Label}>Phone</Text>  
          <TextInput value={biodata.nomor_telepon} style={ui.input} />  
        </View>  
  
        <View style={ui.inputGroup}>  
          <Text style={ui.Label}>Email</Text>  
          <TextInput value={biodata.email} style={ui.input} />  
        </View>  
  
        <View style={ui.inputGroup}>  
          <Text style={ui.Label}>Alamat</Text>  
          <TextInput value={biodata.alamat} style={ui.input} />  
        </View>  
      </View>  
    </ScrollView>  
  </ImageBackground>  
)
```

```

<View style={ui.inputGroup}>
  <Text style={ui.label}>Umur</Text>
  <TextInput value={biodata.umur} style={ui.input} />
</View>

<View style={ui.inputGroup}>
  <Text style={ui.label}>Gender</Text>
  <TextInput value={biodata.kelamin} style={ui.input} />
</View>

<View style={ui.inputGroup}>
  <Text style={ui.label}>Status</Text>
  <TextInput value={biodata.status} style={ui.input} />
</View>

<View style={ui.inputGroup}>
  <Text style={ui.label}>Hobi</Text>
  <TextInput value={biodata.hobi} style={ui.input} />
</View>

<View style={{ marginTop: 20 }}>
  <TouchableOpacity style={ui.buttonPrimary}>
    <Text style={ui.buttonText}>Save</Text>
  </TouchableOpacity>
</View>
</View>
</ScrollView>
</ImageBackground>
);
};

```
